

First Northern Credit Union. Anti-establishment since 1944.

Unlike traditional, corporation-owned banks, First Northern is a non-profit, member-owned credit union. So, instead of putting our energies into lining some fat cat's pockets, we're all about helping you line yours.

For instance, our members pay lower rates on loans. Earn higher rates on savings. And, enjoy reduced fees on many financial services, from loan origination to handling international checks.

In addition, First Northern offers the convenience of banking online and by phone, 24 hours a day, seven days a week. At no charge.

Come join First Northern. And join a 60-year-old revolution that's still making waves.
